**Reserve list letter**

Dear Applicant,

I am writing in connection with your proposal for the above-mentioned call.

Having completed the evaluation, we would like to inform you that — although it has in principle received a favourable evaluation — your proposal is unfortunately currently not high enough in the ranking to be funded (given the budget limit of the call).

Your proposal has however been put on the reserve list (proposals that might be invited to grant preparation if higher ranked proposals drop out or additional funding becomes available). In this case, we would contact you and invite you for grant preparation.

Please find enclosed the evaluation summary report (ESR) for your proposal.

Please note that you will be informed once we have taken a final decision on your proposal.

I would be grateful if you could inform everyone involved in your proposal of this letter.

Yours faithfully,

Christian STRASSER  
Head of Unit

**Information on the means of redress**

If you believe that an error was made in the technical evaluation of your proposal, you can submit a request for evaluation review (redress review) — within 30 days of receiving this letter (via your [Funding & Tenders Portal account](#) > My Proposal(s) > Actions > Follow-up > Launch new interaction with the EU).

**⚠** Please note that the reserve list letter only concerns the result of the technical evaluation. It does **NOT** constitute a **final**

**position** on your proposal, since it may still change if higher ranked proposals drop out or additional funding becomes available. If your proposal is rejected, you will be informed later on by separate letter. That letter will list the other means of redress and the applicable deadlines for complaints.

For more information, see the [Online Manual](#).
